Hi Linda,

I have made a couple of calls and I just wanted to ensure you that everything is in the works, and we should have something set up early next week. Once David is authorized to do work on the TO, I will let you know.

If you have any questions, let me know.

Thanks,  
Libby

Hi Linda:

Just wanted to keep you updated. I spoke with Bill Desmond just now. He says that Booz Allen wants to run my work through Cooper Zietz and then through them. They wanted me to quote a rate of \$125/hr. My standard rate is \$165/hr for commercial work and \$195/hr for litigation work. I can cut it to \$145/hr for EPA work, but I really cannot go below that. I hope you understand and that this does not throw a big kink in things. You can still feel free to call to bounce things off.

Just wanted you to know.
